

Our topic this term in Explorers is Sustainable Development

In English, we will be:

- Reading 'Bee: Nature's Tiny Miracles' by Patricia Hegarty
- Exploring and investigating bees by drawing them and making comparisons between different species.
- Writing facts about what we have learned about bees
- Writing about how we can help save the bees.

In Art, we will be:

- Focusing on the artist Daniel Phill,
- Looking at how flowers and bees are represented in art,
- Experimenting using paint to create a range of flowers that bees love,
- Creating streaks and splotches to create flowers,
- Experiment with a range of materials to paint with, such as bubble wrap, scrunched up paper, cotton buds and sponge.

In Maths, we will be:

- Exploring the composition of numbers 9 and 10,
- Exploring addition and subtraction within 10,
- Investigating number bonds to 10 and using this knowledge to support one more and one less.

In Curriculum, we will be:

- Exploring sustainability by showing an appreciation of and care of living things such as bees in our environment.
- Creating our own bee garden to support the local bee populations
- Conducting a tour of our bee gardens for our school and the wider local community.
